**News & Information**

**ILS (KOHA Catalog) progress:**

- ❖ Went live Aug 5! So far issued over 200 new card numbers to existing patrons; Staff is learning new systems: have started using new methods for adding interlibrary loans, magazine acquisition/tracking, cataloging, label printing, and reports. Still to learn: manual overdue notices (for non-email patrons and very overdue items), and miscellaneous reports. Many settings are still being fixed by the NHSL and Bywater Solutions, as we find and report issues. May items and patrons transferred into the wrong categories and are being fixed as we find them.
- ❖ **Other Technology news:** 2 staff computers now in use, two printers were swapped with others. We need one more modern monitor for the upstairs catalog computer.
- ❖ Soon to order new firewall and switches, hope to see improved internet connection/speed at that time.
- ❖ Our phone line that carries the Internet DSL was knocked out for 1.5 hours Sept 10 due to a TDS phone system "card" failure affecting about 8 lines.
