### Warner Website Addition

A new page has been added to the Warner website for tracking Landuse cases: <https://warner.nh.us/landusecases/>

This is a work in progress. The purpose of the page is to provide as much information as possible on-line about cases that are before the Landuse boards. As cases come to a conclusion, there will eventually be a separate list to the inactive cases. When the minutes files are made available, the links to them will become active.

**To get emails about notices** posted on the Warner website, or emergency alerts for Warner, you can sign up at <https://warner.nh.us/keep-in-touch/>

**Main Street paving project** began on May 27. Sidewalk, ramp downs, and catch basin work are mostly completed. The paving will take place at the end of June.
