In Appreciation: Schools, Students and Families

It is hard to imagine a more complicated situation than the one which schools and parents are navigating these days, with seemingly weekly alerts and constant or looming changes in remote vs. in-person attendance, technology issues, staffing and child care schedule juggling, etc. Educators, support personnel, parents and the students deserve a HUGE pat on the back and a virtual hug for perseverance and adaptability.

We wish we could do more to help, but the library can offer reading and DVDs for relaxation, education support, and even books on coping with anxiety or child behavior. We also offer group story times, personal assistance with using Zoom or other software, or help with selecting titles to borrow. Give us a call at 603-456-2289 or [contact us online](#).

Library Tech Tip: TDS emails

If you are using a tds.net email address, you may have received a notice that after Nov 18, you'll need to call a TDS Repair Advisor at 1-866-983-7249 to add new email addresses to your account. Confused? By signing in to your account at [portal.tds.net](#) it has been possible to create or delete extra email addresses hosted by your account, so that each member of your household might have their own address.

(Some of you may have noticed that the library has several tds.net emails). After November 18, changes can only be made by calling TDS support (Presumably to reduce hacking and fake accounts). Most people prefer email addresses from other providers like yahoo, gmail, or Outlook/Hotmail, but if you are happy with a tds.net email, you can take advantage of this ability to hold several email addresses on your account. You can also manage them to forward to one central account.
