Library Receives ARPA Funds

The Pillsbury Free Library is the recipient of \$1322 in grant funding thanks to federal **American Rescue Plan Act (ARPA)** funds and made possible by the Institute of Museum and Library Services (IMLS) and the New Hampshire State Library in a first round of mini grants to NH libraries. The funds received will support the Pillsbury Free Library's efforts to provide information to residents and access to services, such as children's programs held in new ways due to the COVID 19 pandemic.

Using these grant funds, the library has purchased a **sound system** (microphone, mixer and speakers) and a **10 x 20 ft canopy** for outdoor, distanced programs, (see photos) and has repaired two outdoor **informational signs** (photo below). Grant funds will also support the **printing of this weekly community newsletter** and book lists, for people unable to receive it by email.

To learn more about ARPA funding, visit <https://www.whitehouse.gov/american-rescue-plan/>

Planning Your Library Visit?

Many individuals and families have started visiting the library (with masks) to pick out their own books, DVDs, and magazines. We are recording the times of visits, to see what hours make the most sense going forward. You may see some slightly changing hours as we feel our way forward and re-

adjust staffing schedules. (Watch the sign!) At this time we are keeping the Monday and Wednesday 10 - noon hours (pre-Covid we opened at 1 pm), closing for an hour at noon, and have no evening hours. If you need to pick up after 5, we are here for curbside pickup until 6 pm on Tuesdays and Thursdays. Let us know if you need later hours - we will put out a survey about which evening is best, later this summer. Thanks for your patience!

COVID News to Use

Did you know headache and sneezing without fever could now be a sign of Covid? In Europe, the list of the top five Covid symptoms has changed over time, due to variants and depending on vaccination status. According to a UK research group following symptoms since March 2020, **in fully vaccinated people the top three symptoms** of infection with the Covid virus are now **headache, runny nose and sneezing**, while cough and fever are much less common. (Could this be why the Delta variant is so much more contagious?) <https://covid.joinzoe.com/post/new-top-5-covid-symptoms>

In the USA, Massachusetts General Hospital and other health organizations partnered with the original UK group for monitoring COVID statistics and research in the US, including **how diet, hormones and other factors affect immunity**. <https://covid.joinzoe.com/us/blog>. (It does not appear to be as up to date as the UK site.)

Current cases of Covid-19 in Warner: 0 active cases, with a **total of 203 cases so far**, an increase of **zero** from last three week's newsletters. Keep up the good work! The virus is still surging in much of the world, and cases of the more contagious and serious **Delta variant in NH are increasing** (12% rise in total NH Covid-19 cases in past week).

All Foods are not Created Equal!

by Roger Robbins

[Eat This, Not That](#) by David Zinczenko and Matt Goulding will help you navigate the tricky art of supermarket shopping like a pro! Some tips from the authors: the healthiest items are found along the walls; on the shelves, find healthy foods high or low, not in the middle. More packaging=Less nutrition.

But fun foods are fun foods, right? Wrong. Take ice cream. A half cup serving of one well-known brand has 100 calories. The same-sized serving of another popular ice cream has 290 calories per serving, twice the sugar and five times the fat!

Loaded with glossy photos of popular supermarket foods, this book separates items into the "Eat This" or "Not That" columns with the health reasons why.

[Check out David Zinczenko's Eat This, Not That web page](#) for even more healthy eating (and shopping!) information. (and our health books!)

Miss Sue's News (for Kids)

Summer program has begun: "Tales and Tails", it's never too late to join! **FREE Children's summer program** - contact Miss Sue for info. 603-456-2289 or go to: warner.lib.nh.us/kids/summer-programs/ Pick which day(s) you can come, or come to all of them! Please register so Miss Sue knows how many to expect. There is a beautiful peacock in the Children's room window! Every week a reading slip comes in, that child's name completes another "tail" feather. It's neat to see the fun reading happening! P.S. Linda Lacasse (Library assistant) made the peacock for us.

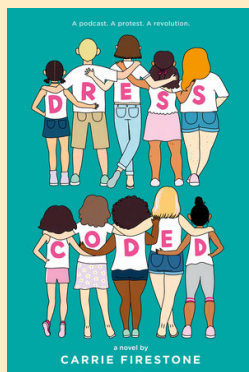

Preschool Story Time: Join Sue Matott ("Miss Sue") for **Thursday Story Times at 10:30 am. Outdoors, in-person** on the small grassy area at MainStreet BookEnds by the patio. Bring a "picnic blanket" or seats and meet there at 10:30 am. Questions? Call 603-456-2289

We now have a 10 x 20 waterproof tent, so the "story goes on" even on rainy (not lightning) days!

TEEN TALK by Linda

Dress Coded
By [Carrie Firestone](#)
*An Isinglass (Gr. 7-8)
award nominee*

Olivia was yelled at for wearing a tank top when she had to keep her sweatshirt wrapped around her waist. Liza got dress coded and Molly

didn't, even though they were wearing the exact same outfit. Jessica was pulled over by the principal, missed a math quiz, and her teacher gave her an F. Molly starts a podcast protesting that it's impossible to find shorts that are longer than her fingertips, and that middle school is hard enough without accusing girls of using their bodies as a distraction. Body Talk
By [Kelly Jensen](#)
*A Flume (Gr. 9-12)
award nominee*

It's time to bare it all about bodies! We all experience the world in a body, but we don't usually take the time to

explore what it really means to have and live within one. Just as every person has a unique personality, every person has a unique body, and every body tells its own story. In *Body Talk*, thirty-seven writers, models, actors, musicians, and artists share essays, lists, comics, and illustrations—about everything from size and shape to scoliosis, from eating disorders to cancer, from...
